The Social Media Rescue team is comprised of local social media and marketing professionals Greg Scott, DJ Shirley, and Carrie Lindsey.

Our Social Media Rescue class provides in-depth and personalized help for small business owners who want to improve their professional social media accounts. Through a series of three group classes and one personalized, one-on-one consultation, we help our participants uplevel their content with hands-on help in topics like photography and videography, how to use AI in their small businesses, scheduling tools, and Meta Business Suite management. We analyze their stats throughout the course to help them create evidence-based content that resonates with their audience.

Our goal is for our class participants to walk away with a better understanding of content creation and how to use social media to grow their business.

You are not going to want to leave the classes, there is no comparison where we are now versus where we were before.

TOPICS COVERED:

- Content creation strategy
- Photo and video best practices
- Photo and video editing best practices
- Content scheduling process and procedures using Meta Business Suite
- Social media best practices
- Tracking stats and analytics to create an evidence-based content plan
- Graphic design software training
- One-on-one consultations with each business
- How to interact with local businesses, events, and hashtags to increase brand visibility
- Creating and utilizing an editorial calendar
- Feedback on social media platforms throughout the duration of the classes

It was incredible to in a small group of like minded business owners learning the ins and outs of social media
