Discussion

OWNER: JDI Investors LP

APPLICANT: Roome Surveying

The applicant is proposing to create Lot 1, Block A of City Center Addition on 1.169 acres for the purpose of improving an existing one-story structure that according to Collin CAD was built in 1985, and located at 791 S. State Highway 78. The applicant is proposing to renovate the existing structure for office and retail shell space. The property is zoned within the Community Retail zoning district and those uses are allowed by-right.

The plat dedicates a 21.5-foot fire lane and a 24-foot fire lane and access utility easement with access to two existing drives that have entrances from State Highway 78. Those existing widths have been approved by Fire and Engineering with the condition that the asphalt of the existing driveways be improved to a concrete surface that meets City specifications.

The plat is technically correct and abides by all aspects of the City of Wylie Subdivision Regulations. Approval is subject to additions and alterations as required by the City Engineering Department.

The City Council must provide a written statement of the reasons for conditional approval or disapproval to the applicant in accordance with Article 212, Section 212.0091 of the Texas Local Gov't Code.

P&Z Recommendation

The Commission voted 4-0 to recommend approval.
