

SOCIAL MEDIA RESCUE

Class 1 2022 Report

SOCIAL MEDIA PROMPTS FOR SMALL BUSINESSES

1. Introduce yourself! (Some ideas for sharing: your role at your business, your favorite things to do outside of work, your favorite book or quote. This should be about YOU and include a picture of you...you'll share more about the business later.)
2. Why did you start your business?
3. What is something you wish you'd known about business before you started? (this can be general, or specific to your industry)
4. What is your best-selling product or service? (this is a great way to promote what people are buying!)
5. What is your favorite quote? (create a nice graphic to go with it)
6. Share about your team! This is a great time to introduce the people working in your organization. If you have several employees, you can spread these out over several weeks or even months). Share the person's name, their role in the business, and a couple of interesting facts about them. If you are working alone, you can use this time to share a favorite tool or resource for your business.
7. Show behind-the-scenes. Share a picture or video of work being done, or an interesting part of your process, and elaborate on the "how" and "why" behind the process.
8. Share what you love about the way your business is being run.
9. What is something you love about your business?

SOCIAL MEDIA RESCUE

WHAT WE DO

The Social Media Rescue team is comprised of local social media and marketing professionals Greg Scott, DJ Shirley, and Carrie Lindsey.

Our Social Media Rescue class provides in-depth and personalized help for small business owners who want to improve their professional social media accounts. Through a series of four classes over a three month period, we help our participants uplevel their content with hands-on help in topics like photography and videography, design software, and scheduling tools. We analyze their stats throughout the course to help them create evidence-based content that resonates with their audience.

Our goal is for our class participants to walk away with a better understanding of content creation and how to use social media to grow their business.

“ Super informative and has given me a lot of fresh ideas. ”
-Jonna Rodriguez
