

Wylie City Council

AGENDA REPORT

Department: Engineering
Prepared By: Tim Porter

Account Code: _____

Subject

Consider, and act upon, approval of Resolution No. 2023-12(R) authorizing the City Manager of the City of Wylie to execute the Interlocal Agreement between Collin County, Texas and the City of Wylie, Texas concerning the construction of McMillen Drive from McCreary Road to Country Club Road.

Recommendation

Motion to approve the Item as presented.

Discussion

McMillen Drive from McCreary Road to Country Club Road is currently a two-lane asphalt roadway. The connector provides an important piece in an east/west connector between Murphy, Texas, and Hwy. 78 in Wylie.

The McMillen Drive Improvements project began with approval of \$4,149,375 of matching funds from the 2007 Collin County Bond Election for distributions extending to 2012. A revised Interlocal Agreement with Collin County approved in 2015 also added discretionary funding to help support this project. The City of Wylie began engineering design services for the project in 2009 and has since reached plan completion. Additionally, the City has acquired right-of-way from all required properties, and franchise utility relocation is anticipated to begin soon. Currently, staff anticipates construction of the roadway to begin in the Fall of 2023.

In September 2022, staff submitted three (3) roadway projects for the Collin County 2022 Call for Projects. Through Court Order #2023-406-05-15 on May 15, 2023, the County approved its final ranking of projects and the City of Wylie was informed that McMillen Drive was chosen as a recipient project for the funding of \$2,999,999. The subject Interlocal Agreement (ILA) formalizes this additional funding for the McMillen Drive Improvements project, and as well allocates previously approved County Bond Program funding for a total of \$5,399,374. Including approval of this ILA, all McMillen County funds (\$8,826,149) will now be obligated through Agreement.
