12/9/2024 10:06 AM	Adequately accessible	Yes	Yes	Above average	Met expectations	Extremely likely	Overall the event was good, communication prior to the event was excellent, my only concern was booth space. While i understand there were multiple booth sizes available to choose from, I felt like vendors were piled on top of each other with no room to breathe. I had no room to sit inside my booth because we were all packed in the building.

12/9/2024 10:13 AM	Adequately accessible	Yes	Yes	Average	Met expectations	Extremely likely	It was a great event despite the weather. I do think it could have wrapped by 2:00 instead of 4:00. In my experience with events, most ppl are done shopping by early afternoon. Also, there were no instructions for loading up and leaving. My concern was, if it hadn't rained and forced everyone out early, all the outdoor vendors would not have had time to remove their cars from the parking lot by 4:30. Load in was 2 1/2 hrs but load out was only 30 min. It all worked out in the end, but if we had waited, I don't think we would have had enough time.

12/9/2024 10:23 AM	Adequately accessible	Yes	Yes	Above average	Met expectations	Extremely likely	The show was well organized & everyone was very helpful. I had repeat customers come to see me to make purchases. I like the booth space which I've had prior 2 years. I'm very pleased with this event & look forward to participating next year. Having the youth there at the end was extremely appreciated with helping me load up. Thank you for that!

12/9/2024 10:34 AM	Not accessible	Yes	Yes	Average	Below expectations	Extremely likely	I believe the weather affected sales more so than event planning and promotion. I saw lots of advertising leading up to the event which is great! Load in was not as smooth as some events I've participated in, but overall was not bad. I like the location, having the streets closed around the event was nice.

12/9/2024 10:37 AM	Highly accessible	Yes	Yes	Above average	Below expectations	Extremely likely	Really just the rain that put a damper on foot traffic and sales this year. I love doing this event because of the clear communication, affordable booth fee, location, event advertisement, and time of year. Fingers crossed for an indoor spot next year lol!
12/9/2024 10:40 AM	Adequately accessible	Yes	No	Above average	Below expectations	Not so likely	I believe there are too many vendors. I believe they need to be scaled back like in 2017. It was perfect back then. Just my own opinion, sometimes smaller is better. Yes, I may not be chosen with that option but I believe it was better for all vendors.
12/9/2024 10:41 AM	Adequately accessible	Yes	Yes	Excellent	Met expectations	Extremely likely	This my favorite Market of all. The crowd is above expectation. The people are having a good time and fun to visit with. They come back looking for vendors they have purchased from in the past. My only suggestion would be to try and let returning vendors remain in the same spaces if they would like, Several customers said they were looking for you where you had been the year before. Over all I can't say enough good things about this Market. It is extremely organized and well run considering the number of vendors. Thank you for your hard work to make it a big success.

12/9/2024 10:48 AM	Adequately accessible	Yes	Yes	Average	Below expectations	Not so likely	Heard nothing but good things about this event from prior vendors but every vendor I talked with said this year's sales were very poor compared to prior years. Blame is on the economy and the weather not the event planners. I will be back next year in hopes of better economy & weather. For our 1st time here the map that was sent was terrible! All those colors masked the street names & vendor parking for the event was not marked. Having folks available for unloading was awesome. Availability of helpers for reloading was not so good. Paid for a 10x10 booth but #2 was closer to 8x10 limiting our ability to showcase our items which hampered our sales.

12/9/2024 10:51 AM	Adequately accessible	Yes	Yes	Above average	Met expectations	Extremely likely	I know it would cut down on the total number of spaces, but it would be great if there were more indoor 10x10 spaces available. My neighbor had to use part of my space as egress when moving in front of her tables, so I had to set up one of my display tables a couple of feet back from the aisle. I know I could have put up a stink about it, but I didn't want to have a bad relationship all day with the crafter next to me. Other than that, great show as usual. Thanks again!
12/9/2024 10:52 AM	Adequately accessible	Yes	Yes	Above average	Met expectations	Extremely likely	Great event despite weather conditions. Will definitely be back next year and may be looking to expand into two booths. More food trucks/food options would be a nice addition.

12/9/2024 11:21 AM	Highly accessible	Yes	Yes	Average	Below expectations	Extremely likely	I only say below expectations, due to the weather impacting the turnout. Otherwise it was a good market! Happy to be back next year!
12/9/2024 11:36 AM	Highly accessible	Yes	Yes	Excellent	Met expectations	Extremely likely	I always enjoy the Wylie Arts Festival! Y'all do a great job!
12/9/2024 11:38 AM	Adequately accessible	Yes	Yes	Above average	Exceeded expectations	Extremely likely	I loved that the garage door next to my booth got opened so you had another entrance. However, informing the vendors ahead of time would be good so we could have dressed appropriately.
12/9/2024 11:44 AM	Adequately accessible	Yes	Yes	Above average	Below expectations	Not so likely	There were so many vendors coming in the wrong way to set up... it was very frustrating. There needs to be a better way of closing down and packing up. It did not flow, since everyone left at the same time. We ended up taking our bins and canopies all the way from the event center to the parking lot.
12/9/2024 11:59 AM	Highly accessible	Yes	Yes	Excellent	Exceeded expectations	Extremely likely	The event is too busy to demonstrate or teach art - that would be detrimental to sales. I would like to see just a few less booths in the indoor building. Please give us about a two foot easement between booths. Our tables were touching and when the neighbors table was jostled, so was mine! Not to mention it made it difficult to store my wrapping supplies and storage containers for my paintings. being set so tight made for wasted space at the back of the booth because of inaccessibility. Otherwise this is always a great event and I would highly recommend.

12/9/2024 12:07 PM	Highly accessible	Yes	Yes	Above average	Below expectations	Extremely likely	The event wasn't as good as last year in terms of turnout. The weather played a huge factor in that. We can't control the weather. Overall, it's a fun event and we love attending. Hopefully next year will be better weather!
12/9/2024 12:45 PM	Adequately accessible	Yes	Yes	Average	Met expectations	Extremely likely	My booth was outside this year because I registered late, but I actually think it was better because the lighting seemed very dim inside. I think I would prefer an indoor booth in general, however the lighting was so dark. Is that typical?

12/9/2024 12:56 PM	Not accessible	Yes	Yes	Above average	Met expectations	Extremely likely	The space seems to get smaller and smaller year after year, which in turn reduces how much inventory we can bring, and subsequently how much we can sell. Yes, the economy is part of it, but space is a factor, too. Also, the food vendors should offer discounted prices to the art vendors. We are already paying to have a booth. The food priced are ridiculous.

12/9/2024 1:11 PM	Highly accessible	Yes	Yes	Excellent	Below expectations	Extremely likely	I would like to present a demonstration but the tools are very heavy and I use fire, so probably not something easy to bring or for the average person to do in a class setting.

12/9/2024 1:44 PM	Highly accessible	Yes	Yes	Above average	Met expectations	Extremely likely	It was our first time doing this particular event and we sold out of many items. 12/9/2024 11:00 PM	Highly accessible	Yes	Yes	Above average	Below expectations	Extremely likely	I was not able to participate this year due to rainy weather. I did come to the event several hours and noticed that some outside vendors were allowed to move indoors & there were several vendors indoors that were not listed on the map. This was extremely disappointing being that I had emailed the organizer several times asking if I could possibly be moved indoors, but was told the event was completely booked. I hope to participate next year and will verify that my booth is indoors.

12/11/2024 9:07 PM	Adequately accessible	Yes	Yes	Average	Below expectations	Extremely likely	I was surprised at my location this year. I've been in a 10 by 10 the last 3 years. I have always done well and had great sales. I was so high on the show that I had recommended it to people in my woodworkers club. To my surprise a person I got to become a vendor got my 10 by 10 and I was moved to an 8 by 8. Not only was I not only able to display all my items but the booth was very very dark. I sold over \$800 but was a far cry from the \$1200 I did last year. I hope I can go back to a 10 by 10 next year as I think a returning vendor should not have this happen. Thanks

12/12/2024 10:43 AM	Adequately accessible	Yes	Yes	Above average	Exceeded expectations	Extremely likely	The reason I selected no to the artist demonstration was for my business with permanent jewelry I am not sure it would make sense. If I had a business where it did apply, I would definitely be interested. I was worried once I realized there were 2 other vendors doing permanent jewelry as well but I had a very successful day. I thought the event was very well organized. I live in Wylie and like to do things in the community so I was thrilled to be apart of the Arts festival. I hope to be able to continue to be apart of this event for years to come. Thank you for selecting us as a vendor.
