Discussion

Wylie Fire Rescue (WFR) will be responsible for the acquisition and maintenance of emergency medical supplies for the newly formed EMS Division. Supplies consist of consumables, equipment, and medications to fully stock each ambulance to carry out all aspects of emergency medical response. WFR obtained pricing through various agreements established with other government entities for analysis and found this interlocal agreement to be the most economical way to procure these goods from a well-established and reliable vendor.

Staff recommends the purchase of EMS Medical Supplies in an estimated annual amount of \$87,956.60 from Bound Tree Medical, LLC for Wylie Fire Rescue through an interlocal agreement with the City of Midlothian. The City is authorized to purchase from a cooperative purchasing program with another local government or a local cooperative organization pursuant to Chapter 791 of the Texas Government Code and Section 271 Subchapter F of the Local Government Code; and by doing so satisfies any State Law requiring local governments to seek competitive bids for items.
