Date 12/12/2023 Name of Manager Shelia Patton Registration No. 03-025
 Name of Establishment Wylie Animal Control Inspector Brad Abraham DVM
 Location of Establishment 949 Hensley Lane Mailing Address 949 Hensley Lane Building 100
 City Wylie State TX Zip Code 75098
 Phone 972-429-8047 County Collin

Note to Inspector: Put Yes, No, or N/A (Not Applicable) in the columns to the right of the question.

A. General - [TAC Section 169.26(a)]		Heating	
Structural Strength		14. Are animals protected from cold and inclement weather and direct effects of wind, rain, and snow?	Y
1. Is the facility structurally sound and maintained in good repair in order to protect the animals from injury, contain them, and prevent transmission of diseases?	Y	15. Is auxiliary heat or bedding provided if the temperature is below 50°F when animals are present?	Y
Water and Electric Power		Cooling and Ventilation	
2. Does the facility have reliable and adequate electricity to comply with other requirements?	Y	16. Are animals protected from any form of overheating and from direct rays of the sun?	Y
3. Does the facility have fresh, clean water available?	Y	17. Are fresh air and adequate ventilation to minimize drafts, odors, and moisture condensation provided?	Y
Storage		18. Is extra ventilation, such as fans or air conditioning, provided in indoor facilities if the temperature is 85°F or above when animals are present?	Y
4. Are food and bedding stored to protect them against infestation or contamination by vermin?	Y	Lighting	
5. Is a refrigerator available for perishable foods?	Y	19. Is lighting adequate to permit routine inspection and cleaning?	Y
Waste Disposal		20. Are primary enclosures situated to protect the animals from excessive illumination (man-made or natural)?	Y
6. Are there provisions for the removal and disposal of animal and food wastes, bedding, dead animals, and debris?	Y	Construction	
7. Are disposal facilities operated in a manner that minimizes vermin infestations, odors, and disease hazards?	Y	21. Is the facility constructed to protect the animals and not create a health risk or public nuisance?	Y
8. Is there a suitable method for rapidly and safely removing water and other liquid wastes?	Y	22. Are building surfaces constructed and maintained so that they are impervious to moisture and can be readily sanitized?	Y
Washrooms and Sinks		23. Is the floor made of durable, nonabsorbent material?	Y
9. Are there facilities (such as washrooms, basins, or sinks) for employees to wash their hands?	Y	Primary Enclosures	
Management		24. Are primary enclosures structurally sound, maintained, and constructed with surfaces that are impervious to moisture and can be readily sanitized?	Y
10. For facilities located in a county with a population of 75,000 or over (only), in accordance with THSC Section 823.003:		25. Do primary enclosures enable the animal to remain dry and clean and protect the animal's feet and legs from injury?	Y
a. Are animals separated by species and by sex?	Y	26. Do the cages and kennels provide enough space for each animal to make normal postural adjustments without touching the top of the enclosure, including turning freely, standing easily, sitting, stretching, moving its head, lying in a comfortable position with limbs extended, and moving and assuming a comfortable posture for feeding, drinking, urinating, and defecating?	Y
b. If not related to one another, are animals of relatively the same size sharing cages/pens?	Y	B. Feeding - [TAC Section 169.26(b)]	
c. Are sick or injured animals segregated from healthy animals?	Y	27. Are dogs and cats fed at least once a day or more often as appropriate for the age and condition of the animal, except as directed by a veterinarian? Are other animals fed as described on packaging of a commercial, species-specific food or as directed by a veterinarian (see #32 for ferret requirements)?	Y
11. For facilities located in a county with a population of 75,000 or over (only), in accordance with THSC Section 823.005:			
Has the governing body of the city or county in which the shelter is located established an advisory committee to assist in compliance with THSC Chapter 823?	Y		
Records			
12. Does the facility keep records on each animal?	Y		
13. Do records document animal description, impoundment and disposition dates, and method of disposition?	Y		

Facility:

Wylie Animal Control

Registration No:

03-025

Feeding (cont.)

28. Is food wholesome, palatable, free from contamination, of sufficient nutritive value to meet daily requirements, and accessible to animals?

Y

29. Are food pans kept clean and sanitary, and if disposable food pans are used, are they discarded after each feeding?

Y

C. Watering - [TAC Section 169.26(c)]

30. Do animals have convenient access to fresh water and is it offered at least twice daily for at least an hour (except as directed by a veterinarian)?

Y

31. Are the water bowls clean and sanitary?

Y

32. Do domestic ferrets have 24-hour access to water in a drinking bottle and to food?

Y

D. Sanitation - [TAC Section 169.26(d)]

33. Are excreta removed from primary enclosures often enough to prevent contamination of the animals (at least once a day)?

Y

34. Are cages, rooms, and pens maintained in a sanitary condition?

Y

35. Are the building and premises kept clean?

Y

E. Pest Control - [TAC Section 169.26(e)]

36. Is there a regular program in place for control of insects, ectoparasites, and other pests?

Y

37. Is the facility free of visible signs of rodents and are other vermin infestations kept to a minimum at all times?

Y

Rabies Quarantine Facilities (Completed by DSHS Only) - [TAC Section 169.27(a)]

38. Is there documentation of twice-daily observations of quarantined animals?

Y

Rabies Quarantine Facilities (Completed by DSHS Only) - [TAC Section 169.28(a) and THSC Section 826.042(g)]

39. Does the facility have a written Standard Operating Procedure (SOP)?

Y

40. Is the SOP specific for the facility?

Y

41. Is the SOP posted or otherwise readily available to all employees?

Y

42. Is the SOP designed to ensure effective and safe quarantine procedures?

Y

43. Do enclosures have solid walls to prevent physical contact between animals?

Y

44. Are the primary enclosures enclosed on all sides, including the top, to prevent escape?

Y

45. Does each quarantine run, cage, and kennel containing a quarantined animal have a "Rabies Quarantine" placard/sign posted on it?

Y

For Facilities Subject to THSC Chapter 829 (Located in Non-exempt County) - (Sections 829.002 and 829.007)

46. This standard is for purposes of meeting requirements set forth in THSC Chapter 829 only. Are all employees whose primary job is to enforce animal control laws in compliance with training requirements (Sec. 829.002)? If so, this inspection form serves as a certificate of compliance per Section 829.007.

Y

This facility has approximately 12 cat cages and 28 dog cages/pens.When the facility was inspected today, it was housing approximately 4 cats and 11 dogs.**Inspector Comments:**☐ Check here if additional inspector comments are attached**Facility Rating:** Satisfactory ☒Unsatisfactory ☐Probation ☐

If applicable, timeline for probationary period _____
