Subject: Speed Zones

Dear Mr. Holsted:

Attached for your information and handling is a computer printout of the speed zone study on FM 2514 in the City of Wylie. The speed zone study was done after the completion of reconstruction project and shows that the recommended speeds correspond to the speeds at which the normal and prudent driver is driving under the existing conditions.

To proceed with the changing of the speed limits, TxDOT requires a signed city ordinance matching the zones on the speed study. To assist the City in the preparation of the ordinance, a sample speed zone ordinance has been attached to serve as a guide. Please forward the signed ordinance to our office by March 28, 2021 for further processing. Upon receipt of the ordinance from the City of Wylie, TxDOT will furnish and install the necessary signs at the proper locations. Should the City already have an ordinance on file that matches the limits shown on the study, please forward a copy of that to our office for our records.

If we may be of further assistance, please feel free to contact Bahman Afsheen, P.E. at the above address or by telephone at 214-320-6229.

Sincerely,

DocuSigned by:
