### Discussion

Staff held a work session with the City Council on August 26, 2025, to discuss eligibility requirements for board and commission members. During the session, the Council provided direction to proceed with streamlining residency, voter registration, and employment restriction qualifications.

On January 27, 2026, the City Council adopted Ordinance No. 2026-08, amending various sections of the Code of Ordinances to streamline residency, voter registration, and employment-related qualifications across all boards and commissions, with limited and clearly defined exceptions.

While reviewing the Board of Review's Rules of Procedure, staff and the City Attorney identified additional provisions that should be updated to ensure compliance with current state law and improve consistency throughout the document. These updates include removing duplicate information already addressed in the Code to avoid potential conflicts, revising the abstention voting language from affirmative to negative to align with the Charter, and updating agenda posting requirements to reference applicable state law.
