### Subject

Consider and act upon a recommendation to the City Council regarding the demolition of a commercial structure in accordance with Ordinance No. 2022-34. Property located at 100 E. Oak St., within the Downtown Historic District.

### Recommendation

Motion to recommend approval as presented

### Discussion

**Owner: Wylie Economic Development Corporation**

**Applicant: Jason Griener for WEDC**

The property owner proposes to demolish an existing 4,330 square foot commercial building. According to Collin County Appraisal District records, the structure was built in 1950. The property was acquired by WEDC in 2014 for redevelopment purposes as part of strategic planning efforts for the Downtown Historic District. Previous uses have included a recreational facility, and church/house of worship. The exterior material is brick and stucco.

The application states that property is not of historic value. Redevelopment of this prime property located within the entryway into the Downtown Historic District will contribute to the charm and vibrancy of Historic Downtown Wylie while further spurring economic development for our community.

Section 6.3.E.3. of the City's Zoning Ordinance outlines the criteria for demolition as follows:

Demolition of a structure will NOT be allowed if any of the items below are met:

1. A structure is of architectural or historical interest and/or value or its removal would be detrimental to the public interest, or
2. The building contributes significantly to the character of the historic district and demolition would create a detrimental view or adversely affect the existing buildings on the block, or
3. A structure is contributing or unusual or uncommon design and materials and it could not be reproduced without great difficulty and/or expense, or
4. If its proposed replacement would not make a positive visual contribution, would disrupt the character or be visually incompatible within the historic district.

Demolition of a structure MAY be allowed if any of the following criteria is met:

1. The building has lost its architectural and historical integrity and importance and its removal will not result in a negative, less appropriate visual effect on the historic district, or
2. The structure does not contribute to the historical or architectural character and importance of the historic district (e.g. a non contributing structure), and its removal will result in a positive, appropriate visual effect in the district.

As stated in the Ordinance criteria, ***The structure does not contribute to the historical or architectural character and importance of the historic district (e.g. a non contributing structure), and its removal will result in a positive, appropriate visual effect in the district*** staff believes that its removal would not be detrimental to the public interest.

If approved, the applicant intends to start demolition in early November and complete in early December.
