Discussion

Community Park was updated in 2012 from bond funds approved in 2005. Those improvements did not include parking lot lighting for the improved concrete parking as part of the project. The additional parking for the Wylie Senior Recreation Center also did not include parking lot lighting as part of that project. Due to the high patron use of both Community Park and the Wylie Senior Recreation Center, staff proposed to add parking lot lighting as part of a Parks Acquisition and Improvement Fund budget request for FY2022 to improve safety and security for park and senior center patrons.

Staff recommends the purchase of a parking lot lighting system for the Wylie Senior Center and Community Park from Musco Sport Lighting, LLC as providing the best overall value for the City. The City is authorized to purchase from a cooperative purchasing program with another local government or a local cooperative organization pursuant to Chapter 791 of the Texas Government Code and Section 271 Subchapter F of the Local Government Code; and by doing so satisfies any State Law requiring local governments to seek competitive bids for items.
