- Shared parking shall be permitted for the entire planned development
- A maximum of three multiple business signs shall be installed on the overall property. Any multiple business sign located on FM 55 shall be limited to a height of 25 feet and width of 15 feet.
- A monument sign for a single user shall be a max height of 12 feet and width of 8 feet with each platted lot being allowed one monument sign.

The properties adjacent to the subject property are generally zoned commercial to the north, west and east and light industrial to the south.

The subject property lies within the Regional Commercial Sector of the Comprehensive Land Use Plan. The proposed zoning is compatible with the Plan.

Notices were sent to 25 property owners within 200 feet as required by state law. At the time of posting one response was returned in favor and none in opposition of the request.
