Discussion

Public Works and Parks is seeking approval from the City Council for the purchase of five (5) Chevy trucks in an estimated amount of \$325,413.00. Three of these trucks will replace the aging Public Works vehicles that have exceeded their useful lifespan. The fourth truck will support the Water Quality Specialist position that was added in FY23-24.

Parks is requesting the fifth vehicle, which will serve as a replacement. All vehicles were approved in the FY 2024–2025 budget.

The City is authorized to purchase from a cooperative purchasing program with another local government or a local cooperative organization pursuant to Chapter 791 of the Texas Government Code and Section 271 Subchapter F of the Local Government Code and, by doing so, satisfies any State Law requiring local governments to seek competitive bids for items.

Staff recommends the purchase of these trucks for Public Works and Parks through a cooperative purchasing agreement with BuyBoard as providing the best value to the City.
