

Wylie City Council

AGENDA REPORT

Department: Parks and Recreation
Prepared By: Rob Diaz

Account Code: _____

Subject

Discuss Lavon Lake and Aquatics Study – Joint work session with Parks and Recreation Board.

Recommendation

Discussion

In 2020, the City Council adopted the newest Parks, Recreation, and Open Space Plan. The plan identified priorities for parks and recreation facility development based on citizen, City Council, Parks and Recreation Board, and staff input. Two areas of development identified are various aquatics amenities and park development in and around Lavon Lake.

CITY OF WYLIE | PARKS, RECREATION & OPEN SPACE MASTER PLAN

Wylie Priority Rankings

Rank	Action Plan	High	Moderate	Low
1	Hike/bike/walk trails that are connected throughout the city	◆		
2	Sprayground	◆		
3	Expand amenities at Lavon Lake (fishing, picnicking, swim beach)	◆		
4	Hike/bike/walk nature trails along the lake/dam	◆		
5	Aquatic Center (indoor – leisure area and lap lanes)	◆		
6	Aquatic Center (outdoor – leisure area and lap lanes)	◆		
7	Special events in parks	◆		
8	Additional lighting in parks	◆		
9	Multipurpose sports fields (football, soccer, baseball, softball)	◆		
10	Additional practice fields (football, soccer, baseball, softball)	◆		

The two studies are currently funded in the FY 2020-2021 Budget. Both studies will be performed by Dunaway Associates, they were the consultants that completed the adopted Master Plan in 2020.

The May 25, 2021 work session will update the City Council and Parks and Recreation Board on the latest findings from the consultants based on feedback they received at the first two work sessions in January and April 2021. This work session will provide an opportunity for both the Council and Board to review final concept plans of the proposed Lavon Lake and aquatic

facilities. For the Lavon Lake study some preliminary construction/operational budgets and potential revenues will be presented. For the Aquatics Study final construction/operational budgets and revenue projections will be presented based on final concept designs.

The information from both studies will then be passed to the Bond Committee currently reviewing possible bond projects.
