### Recommendation

Motion to approve the Item as presented.

### Discussion

The purpose of this agenda item is to repeal and re-adopt the 2021 International Fire Code (IFC) with local and regional amendments. An in-depth review has revealed several changes and omissions, mostly administrative on the City’s side that necessitate this action. Additionally, language from the 2024 IFC addressing Lithium-Ion Batteries has been incorporated to address an emerging threat that should not wait for the 2027 Code adoption, given that the City of Wylie typically updates its Fire Code every six years.
