COMMENTS ON NON-AGENDA ITEMS

Any member of the public may address the Committee regarding an item that is not listed on the Agenda. Members of the public must fill out a form prior to the meeting in order to speak. The Committee requests that comments be limited to three minutes for an individual, six minutes for a group. In addition, the Committee is not allowed to converse, deliberate or take action on any matter presented during citizen participation.

No citizens were present wishing to address the Committee.

REGULAR AGENDA

1. Consider, and act upon, approval of June 1, 2026 Citizens Bond Advisory Committee meeting minutes.

A motion was made by Committee member Harold Smith, seconded by Committee member Kelley, to approve the June 1, 2026, Citizens Bond Advisory Committee meeting. A vote was taken, and the motion passed unanimously, with Committee members Schwerin and Butler absent.

DISCUSSION ITEMS

DS1. Discuss the Downtown Historic District and Citywide Infrastructure.

Deputy City Manager Ollie presented an overview of the Downtown Historic District Phases 1 and 2. Phase 1 will not be included in the current Bond Election, as it was part of the previous bond program. Phase 2, however, is proposed for inclusion and would consist of one northbound travel lane on Ballard Street from Highway 78 to Brown Street, with parallel parking along Ballard Street to maximize public-realm aesthetics and outdoor-use opportunities. The project also includes sidewalks, drainage improvements, enlarged detention facilities on Birmingham Street, and wayfinding signage. No alley improvements or dual left-turn lanes at Highway 78 and Ballard Street are included in the proposal. Ollie answered questions from Committee members.

Public Works Director Weir presented an overview of proposed infrastructure projects, including improvements to Sachse Road covering approximately 3,200 linear feet from the intersection at Creek Crossing to the Sachse city limits, including reconstruction of the bridge at the city limits. The bridge would be elevated to meet 100-year flood design standards, and the project would widen the existing asphalt roadway to a four-lane concrete roadway with an upgraded drainage system. Additional projects discussed included street and alley repairs, roadway improvements to support striping of major and secondary thoroughfares throughout the City, installation of street lights along major roadways, and sidewalk projects on Alanis Drive and Westgate Way. Weir answered questions from Committee members.

DS2. Discuss Bond Committee Priorities.

City Manager Parker answered questions from Committee members regarding various projects.

ADJOURNMENT

With no further business, a motion was made by Committee member Rolfson, seconded by Committee member Atkins, and the meeting was adjourned at 7:24 p.m.

Mitch Herzog, Chair
