Subject

Lake Lavon Study – Joint work session with Parks and Recreation Board.

Recommendation

Discussion

In 2020, the City Council adopted the newest Parks, Recreation, and Open Space Plan. The plan identified priorities for parks and recreation facility development based on citizen, City Council, Parks and Recreation Board, and staff input. Two areas of development identified are various aquatics amenities and park development in and around Lavon Lake.

The two studies are currently funded in the FY2020-2021 Budget. Both studies will be performed by Dunaway Associates, who were the consultants that completed the adopted Master Plan in 2020.

The first work session held on February 9, 2021 was an opportunity for both the City Council and Parks and Recreation Board to gain insight on the development of facilities in and around Lavon Lake. The work session identified some goals and outcomes for the project.

The consultants with Dunaway Associates will have second work session with the City Council and Parks and Recreation Board on April 27, 2021 with follow up information from the first meeting held in February. The meeting will focus on uses of the USACE property, concept designs, and discussion of operations and potential revenue opportunities. The study timeline will also be discussed in order to possibly provide some needed input back to the newly formed Citizens Bond Committee.
