Discussion

In recent years, the marketplace for ammunition has been greatly impacted by both the COVID 19 pandemic shutdowns and labor shortages and the war in Ukraine. The nationwide supply chain shortage has made it difficult to locate ammunition and has caused prices to vary wildly. Mutiny Machine is able to fulfil large orders with competitive pricing that is at near pre-pandemic price, and being able to order from a single vendor in large quantities will allow the City to save significantly on shipping. This purchase represents unfulfilled inventory needs from FY 21-22 and current fiscal year requirements.

Staff recommends this one-time purchase of ammunition from Mutiny Machine LLC in the amount of \$58,300.00 as providing the best value to the City. This one-time purchase is made under Texas Local Government Code Chapter 252.022.a.2 “a procurement necessary to preserve or protect the public health or safety of the municipality’s residents”, and is exempt from competitive bidding.
