Discussion

The purpose of a Debt Management Policy is to establish parameters and provide guidance governing the issuance, management, continuous evaluation of and reporting on all debt obligations issued by the City. A formal approval by Council will also provide for the preparation and implementation necessary to ensure compliance and conformity with the policy.

Advantages of a debt policy are:

- Enhances the quality of decision by imposing order and discipline
- Promotes consistency and continuity in decision making
- Identifies objectives for staff to implement
- Demonstrates a commitment to long term financial planning objectives
- Regarded positively by the rating agencies

The Debt Management Policy was first adopted on September 22, 2020. No changes have been made to the policy since last year's adoption.

Staff recommends approval of the Debt Management Policy.
