

Wylie City Council

AGENDA REPORT

Department: Purchasing Department
Prepared By: Christopher Rodriguez

Account Code: 100-5241-54810

Subject

Consider, and act upon, the approval of the purchase of an Advanced Information Systems (AIS) server for the 911 Recording System in the estimated amount of \$101,066.00 through a cooperative purchasing contract with Motorola and authorizing the City Manager to execute any and all necessary documents.

Recommendation

Motion to approve the Item as presented.

Discussion

The City of Wylie's 911 Communications Center is required to record and maintain phone and radio recordings for police, fire, and EMS. With the implementation of the new 911 Recording System, Higher Ground, we are creating a true redundancy of all recordings. This AIS server will be housed at Back-Up Dispatch at Fire Station 4 with the capabilities to record phone and radios at both the Public Safety Building and Back-Up Dispatch.

This expense covers the purchase with Motorola for the AIS server that is needed for the Higher Ground software. The City was awarded a state grant, Proposition 8- Next Generation 911 Service Fund (Prop 8), in April 2024 to assist emergency communications districts (ECD) with the additional cost of NG911 implementation. These funds were received from the state during FY 24-25 and will be used to fund the AIS server.

Staff recommends the purchase of the AIS server in the estimated amount of \$101,066.00 through a cooperative purchasing contract with Motorola through Texas DIR. The City is authorized to purchase from a cooperative purchasing program with another local government or a local cooperative organization pursuant to Chapter 791 of the Texas Government Code and Section 271 Subchapter F of the Local Government Code; and by doing so satisfies any State Law requiring local governments to seek competitive bids for items.

(Wylie Agreement No. 2025-131/Tx DIR Contract No. TX-DIR-CPO-5433)
