

Wylie City Council

AGENDA REPORT

Department: Engineering
Prepared By: Tim Porter

Account Code: 611-5712-54330

Subject

Consider, and act upon, Resolution No. 2022-09(R) authorizing the Interim City Manager of the City of Wylie, Texas, or his designee, to execute an Advance Funding Agreement between the State of Texas and the City of Wylie, and to take any and all other actions necessary to effectuate the same; and providing for an effective date hereof.

Recommendation

Motion to approve Item as presented.

Discussion

Prior to beginning construction at the FM 544 and Country Club intersection, the Texas Department of Transportation (TxDOT) requires the City of Wylie to move waterlines in conflict with the roadway plans. To meet the time constraints of the project and take advantage of the economy of scale of the TxDOT roadway project, City staff has worked with TxDOT on the subject Advanced Funding Agreement (AFA) for the amount of \$536,744.27. This estimated amount developed by our consultant Grantham & Associates, Inc. is for the cost of TxDOT to construct the relocation of approximately 1,200 linear feet of existing 20" PVC water line, along the south side of FM 544, near the FM 544 and Country Club intersection, and approximately 500 linear feet of existing 12" PVC water line, south of the intersection, along the east side of Woodbridge Parkway.

Previously, a contract with Grantham and Associates, Inc. was approved for the design of this water relocation project and the construction plans are currently 90% complete. TxDOT must encumber the construction funding for this project by March of 2022 and the plans must be finalized in the Spring of 2022 for this project to be successful. The attached agreement will allow the project to continue without delay, including allowing TxDOT the ability to review the construction plans as the project progresses.

Financial Summary/Strategic Goals

Infrastructure.
