### Discussion

On June 26, 2025, Oncor Electric Delivery Company, LLC ("Oncor" or "Company") filed an application with cities retaining original jurisdiction seeking to increase system-wide transmission and distribution rates by about \$834 million or approximately over present revenues. The Company asks the City to approve a 12.3 percent increase in residential rates and a 51.0 percent increase in street lighting rates. If approved, the impact of this requested increase on an average residential customer would be about \$7.90 per month.

On July 8, 2025, the City Council approved Resolution No. 2025-13(R) to suspend Oncor's rate request for 90 days, the fullest extent permissible under the law. This time period has permitted the City, through its participation with the Steering Committee of Cities Served by Oncor ("Steering Committee"), to determine that the proposed rate increase is unreasonable. Consistent with the recommendations of the experts engaged by the Steering Committee, Oncor's request for a rate increase should be denied.

Accordingly, the purpose of the Resolution is to deny the rate change application proposed by Oncor. Once the Resolution is adopted, Oncor will have 30 days to appeal the decision to the Public Utility Commission of Texas ("PUC") where the appeal will be consolidated with Oncor's filing (PUC Docket No. 58306) currently pending at the PUC.
