

Wylie City Council

AGENDA REPORT

Department: Public Works
Prepared By: Christopher Rodriguez

Account Code: 611-5712-58510

Subject

Consider, and act upon, the approval of the purchase of a 2025 International 6-yard dump truck from Southwest International Trucks in the estimated amount of \$121,760.18 through a cooperative purchasing contract with BuyBoard, and authorizing the City Manager to execute any and all necessary documents.

Recommendation

Motion to approve the Item as presented.

Discussion

The Water Division is planning to purchase a 6-yard dump truck, which will be used to repair and restore water lines at previous excavation sites.

This equipment will also assist in carrying machinery on a trailer to and from construction sites. Currently, the Water Division has two excavation crews that share a 12-yard dump truck; however, this truck can be difficult to maneuver in narrow subdivision roads and alleys, making it less efficient and potentially unsafe for the crew and residents' vehicles parked on the street.

By using a 6-yard dump truck, the crew can work in tighter areas without having to make multiple trips to get materials to the work site. This will also make it easier to perform routine repairs and after-hours work in areas with limited space. Overall, the purchase of a 6-yard dump truck will improve the efficiency and safety of the Water Division's operations.

Staff recommends the purchase of a 2025 International Dump Truck from Southwest International Trucks, in the estimated amount of \$121,760.18. The City is authorized to purchase from a cooperative purchasing program with another local government or a local cooperative organization pursuant to Chapter 791 of the Texas Government Code and Section 271 Subchapter F of the Local Government Code; and by doing so satisfies any State Law requiring local governments to seek competitive bids for items.
