

**DSA PROJECT STATUS**  
**CITY OF YOUNGSVILLE**  
**May 2024**

1. **Wastewater Treatment Plant (WWTP) Upgrade:** The Louisiana Department of Environmental Quality State Revolving Fund (DEQ SRF) Loan for funding of the proposed wastewater treatment plant upgrade is in place. The City was also successful in obtaining \$5 million in Water Sector Program grant funding. The project has received Louisiana Department of Health permit and is awaiting the permit through the Louisiana Department of Environmental Quality and Fire Marshall. Awaiting required rate study.
2. **Sanitary Sewer Collector Pump Stations and Upgrades:** This entails the upgrading Pump Station #4 on Iberia Street, which has obsolete equipment and is located in the floodway. The City has decided to fund this using Capital Outlay money. Awaiting FP&C authorization to advertise for bids.
3. **New Water Treatment Plant, Elevated Storage Tank, and Water Line Interconnections:** Bids for the new water treatment plant project were opened May 8; four bids were received. Low bid accepting three deductive alternates is \$8,617,000. The City has requested additional funding and scope revision through the Water Sector Program and is awaiting the legislative Water Sector Committee meeting to consider this request. The request including removing the elevated tank and water line interconnections from the WSP funding.
4. **Sugar Mill Pond Pump Station Upgrade:**

To serve the planned growth in Sugar Mill Pond, the capacity of this pump station must be increased, since existing capacity was utilized by developments outside of Sugar Mill Pond. We are working with the Sugar Mill Pond engineer to determine the best route for the new force main.
