

DSA PROJECT STATUS
CITY OF YOUNGSVILLE
February 2026

1. **Wastewater Treatment Plant (WWTP) Upgrade:** The Notice to Proceed was issued with an effective start date of October 13 with a one-year completion time. The contractor has mobilized to begin work, which includes preparation of the site for the construction of sequencing batch reactors.
2. **New Water Treatment Plant:** Construction is substantially complete. The service area has been expanded. Remaining work includes getting the generator operational, performing chlorination modifications, and addressing the punch list. We are preparing bid documents to receive bids to install a fourth filter to allow for additional service area expansion.
3. **Sugar Mill Pond Pump Station Upgrade:**
A parallel force main is being planned to serve growth in Sugar Mill Pond. We are working on the plans and awaiting gas line letter of no objection. The servitudes have been secured.
4. **Pump Station #5 Upgrade:** This project entails upgrading Pump Station #5 on the Youngsville Highway across from Nunu's to handle sewer flow from new developments in this area. We have received the LDH permit and are preparing final documents to bid this project.
